Dear Sir,

Many thanks for your email concerning the article in the Metro.

I can categorically confirm that Warburtons products are suitable for Vegetarians and that we do not use any ingredients or processing aids of animal origin, if this were the case we could not make the claim on all products 'suitable for vegetarians'.

I can also confirm that there is no alcohol added to our products and that no ingredient is from GM origin.

I do hope this helps and if I can be of any further assistance please do not hesitate to contact me.

Kind Regards

Labelling and Nutrition Manager
